

Acceptable Use Policy (AUP)

OVERVIEW

DataHive.ca's Acceptable Use Policy ("AUP") is provided to give our customers and users a clear understanding of what DataHive.ca expects of them while using the service. All users of DataHive.ca's Internet services: those who access some of our Services but do not have accounts, as well as those who pay a service fee to subscribe to the Services, must comply with this AUP and our TOS (Terms of Service).

Use of DataHive.ca Service constitutes acceptance and agreement to DataHive.ca's AUP as well as DataHive.ca's TOS (Terms of Service).

We support the uncensored flow of information and ideas over the Internet and do not actively monitor subscriber activity under normal circumstances. Similarly, we do not exercise editorial control over the content of any web site, e-mail transmission, newsgroups, or other material created or accessible over or through the services, except for certain proprietary Web sites. However, in accordance with our TOS (Terms of Service), we may remove any materials that, in our sole discretion, may be illegal, may subject us to liability, or which may violate this AUP. DataHive.ca may cooperate with legal authorities and/or third parties in the investigation of any suspected or alleged crime or civil wrongdoing. Your violation of this AUP may result in the suspension or immediate termination of either your DataHive.ca account or other actions as detailed under "SECURITY" WITHOUT PRIOR NOTICE.

DataHive.ca intends to provide its customers access to everything the Internet has to offer. While DataHive.ca is firmly committed to the principles of free speech, certain activities that may be damaging to the resources of both DataHive.ca and the Internet and cannot be permitted under the guise of free speech. The resources of DataHive.ca and the Internet are limited, and abuse of these resources by one user has a negative impact on the entire community. We do not routinely monitor the activity of accounts except for measurements of system utilization and the preparation of billing records. However, in our efforts to promote good citizenship within the Internet community, we will respond appropriately if we become aware of inappropriate use of our service.

You may not use your dedicated rack or virtual site to publish material, which DataHive.ca determines, at its sole discretion, to be unlawful, indecent or objectionable. For purposes of this policy, "material" refers to all forms of communications including narrative descriptions, graphics (including photographs, illustrations, images, drawings, logos), executable programs, video recordings, and audio recordings.

If a DataHive.ca account is used to violate the Acceptable Use Policy or our TOS, we reserve the right to terminate your service without notice. We prefer to advise customers of inappropriate behavior and any necessary corrective action, however, flagrant violations of the Acceptable Use Policy will result in immediate termination of service. Our failure to enforce this policy, for whatever reason, shall not be construed as a waiver of our right to do so at any time. As a member of our network community, you must use your Internet access responsibly. If you have any questions regarding this policy, please contact us at www.datahive.ca.
